

# Avcomm Safety Headsets

Unsurpassed performance for emergency, fire, and safety occupations.

## PATENTED PNR™ TECHNOLOGY

AVCOMM patented PNR™ technology provides the highest level of audio performance, incredible voice clarity and higher noise attenuation. Certified 24 dB NRR, you can hear the difference! Ultra-lite Neodymium speakers provide rich, smooth frequency response so you no longer have to strain to hear radio conversation in high noise environments.

**NRR 24 dB** NRR Test Results: American National Standards Institute  
ANSI Specifications: S3.19-1974  
Certification by Michael & Associates, State College, PA

## UNIVERSAL CONNECTORS

Avcomm exclusive EasyLink™ Fire-Safety headset feature detachable cords for compatibility with virtually all major brands of fire-safety intercoms through a built-in 5-pin jack and a detachable cord with positive-lock connector. If your safety fleet vehicles have different brands of intercoms, simply select the compatible cord for each system. Do you prefer the cord connection on the right or left side? Simply unplug and reconnect to the other side and, for "quick fix" repairs, easily replace the cord in seconds and you're back to work.

## ALL DAY COMFORT

AVCOMM EasyLink™ Safety Headsets feature cushy soft oversized acoustic foam ear seals.

**SH20~SH60** feature a fully adjustable Velcro® head strap and a rugged spring steel back band for a secure fit under a helmet.

**SH10** is an over-the-head model featuring an easy-to-adjust stainless headband.

**SH15** single-side with adjustable stainless steel headband features a plush side pad and pillow soft contoured head pad.

## PATHOGENICS AND HYGIENE

Because AVCOMM headsets feature detachable cords, users can take their own headset with them easily and connect/disconnect as needed. This is an affordable way to reduce the spread of pathogenic viruses caused by shared headsets since the headset and cords are sold separately. In addition, AVCOMM mic muffs are hypoallergenic and completely washable for maintaining hygienic usage.

## ADDITIONAL FEATURES

Rugged cables with durable polyurethane insulation and spiral shielding to reduce RF interference, a highly reliable electret noise canceling mic for excellent sound quality, a full flex boom for easy positioning even with gloves on, volume control, and a choice of three colors for personal identification or Department preference.

**SH20**  
Volume control  
Mic on/off switch  
M65S microphone

**SH30**  
Volume control  
Radio transmit PTT

PNR™ Technology

# Headset Accessories

High quality AVCOMM headset accessories are compatible with most major brands.

## AVCOMM EASYLINK™ DETACHABLE CORDS

AVCOMM EasyLink™ detachable cords allow the headset to interface with virtually all major brands of intercoms through a built-in universal 5-pin jack and a detachable cord with positive-lock connector. If the cord is ever damaged, simply replace the cord, not the headset, and get back to work in seconds. With AVCOMM detachable cords, outfitting one person or an entire fleet of vehicles is cost effective and provides flexibility for maintenance, expansion, or modifications.

### Fits Sigtronics & Setcom Intercoms 1/4" Gold Plated Plug

## AVCOMM HEADSET ACCESSORIES

PN# P1009

### DELUXE GEL EAR SEALS

Absolutely the finest ear seal available! Designed for luxurious comfort with silicone gel that conforms to facial contours and glasses. Durable polyurethane construction is unaffected by temperature extremes.

PN# P1006 Small  
PN# P1007 Large  
PN# P1005 Jumbo

### DELUXE ACOUSTIC FOAM EAR SEALS

Replace old worn out ear seals! Soft, cushy, and ultra-light, AVCOMM Deluxe Acoustic Foam Ear Seals are manufactured to deliver maximum comfort and noise attenuation.

PN# P1004

### DELUXE CLOTH EAR COVERS

Cool cotton comfort will improve the tactile quality of any ear seal. They absorb perspiration and relieve "hot spots" and are completely washable for maintaining hygienic use.

### ACOUSTIC MIC MUFF

Acoustically transparent Sonic Foam™ greatly improves transmission quality while protecting mic from moisture, dirt, and debris. Hypo-allergenic and completely washable for maintaining hygienic use. Includes O-ring retainer.

PN# P0122 Fits all
