

Avcomm Hearing Protection

The ultimate headset for hearing protection and all day comfort.

AVCOMM PROTECTS YOUR HEARING

Protect your hearing in high noise environments with AVCOMM. Tested and certified to provide 26dB NRR, AVCOMM hearing protection headsets provide significant reduction in noise, fit perfectly, and are built to withstand the rigors of everyday use. They are the perfect choice for high noise venues like shooting ranges and race events or occupations such as airports, construction, manufacturing, agriculture, or heavy equipment.

**NRR
26 dB**

NRR Test Results: American National Standards Institute
ANSI Specifications: S3.19-1974
Certification by Michael & Associates, State College, PA

ALL DAY COMFORT

AVCOMM hearing protection headsets are designed for all day comfort and feature cushy soft oversized acoustic foam ear seals that are ultra light and incredibly comfortable. Experience superior comfort while protecting your hearing with an AVCOMM hearing protection headset available in three models.

SH02 Since traditional headsets are too large for children, the SH02 is specifically sized smaller for improved fit, comfort, and noise attenuation. The SH02 features a unique stainless steel headband made exclusively for children or adults with head sizes 21" or less. Adjust it small enough for a young child or expand it easily to fit smaller adults, or even add an optional full-size headband for a full-size headset. AVCOMM designed the SH02 ear seals to fit closely and comfortably, providing maximum protection while a "pillow-soft" headpad reduces pressure points and hot spots for all day comfort.

SH03 Rugged stainless steel construction for long life and ease of maintenance. Rustproof, easy to adjust headband with pivoting ear cup connection is very easy to adjust for a perfect custom fit. It has a "pillow-soft" headpad to reduce pressure points and hot spots, and soft cushy acoustic foam ear seals for all day comfort in an over-the-head style headset.

SH04 Behind the head design features a fully adjustable Velcro® head strap and a rugged spring steel back band for incredible comfort and a secure fit under a hard hat. Soft acoustic foam ear seals provide the highest level of comfort and noise attenuation. Optional chin strap available PN# P0125.

Headset Accessories

High quality AVCOMM headset accessories are compatible with most major brands.

PN# P1009

DELUXE GEL EAR SEALS

Absolutely the finest ear seal available! Designed for luxurious comfort with silicone gel that conforms to facial contours and glasses. Durable polyurethane construction is unaffected by temperature extremes.

PN# P1006 Small
PN# P1007 Large
PN# P1005 Jumbo

DELUXE ACOUSTIC FOAM EAR SEALS

Replace old worn out ear seals! Soft, cushy, and ultra-light, AVCOMM Deluxe Acoustic Foam Ear Seals are manufactured to deliver maximum comfort and noise attenuation.

PN# P1004

DELUXE CLOTH EAR COVERS

Cool cotton comfort will improve the tactile quality of any ear seal. They absorb perspiration and relieve "hot spots" and are completely washable for maintaining hygienic use.

PN# P3A01

PERSONAL HEADSET BAG

Padded protection for an individual headset and personal items. Securely link two of these together with a unique Velcro® flap or easily connect to the end of the P3-A03 Bag. Dual zipper on top makes access very easy. There is a gusseted pocket on the inside and a zippered compartment on the outside for accessories.

Dimensions: 9.5"L x 10.5"H x 3.5"W
Weight: 8.7 oz.

PN# P3A03

Unique Velcro® mounting flap allows placement of the P3-A01 Personal Headset Bag to either or both ends of the bag!

DELUXE FLIGHT BAG

Fully padded, shock resistant, semi rigged construction. Dual zippered flap on the main compartment features a Velcro® strip for easy closure. Roomy interior for storage of headsets, cords and more, plus removable inside Velcro® partition. Easily attach a P3-A01 Personal Headset Bag to either or both ends for additional storage.

Dimensions: 15"L x 12.5"H x 10.5"W
Weight: 3 lbs. 2 oz.
